## Summary

---

I am a self thought full-stack web developer with expertise in Next.js, React, Node.js, Express, Tailwind CSS and many more. Experienced in building and deploying scalable web applications. Skilled in software architecture and performance optimization.

My goal is to drive forward our platform to surprise and delight all of our users, giving them the experience they deserve.

When I'm not working, I'm developing new skills, enhancing my knowledge and understandings of other technologies, reading, or playing games.
